Send Today for this helpful book

It is written by Mrs. Christine Frederick, the well-known authority on all matters relating to the kitchen and the home. She knows the housewife's hardest task is cooking three meals a day, 365 days in the year. Nearly three-quarters of the average woman's time is spent in the kitchen. In this 72-page, handsomely bound book, Mrs. Frederick shows how automatic cooking saves a large proportion of that time. She describes exactly how the Sentinel Automatic Cook Stove ends cooking drudgery—gives you leisure for rest or recreation.

Sentinel Automatic Cook Stove

4 Models—For Any Kitchen—4 Prices

You can cook a complete meal on the Sentinel without watching it or giving it any attention whatever.

Just place the food in the automatic oven, set the timer and light the burner. Then you can leave the kitchen and serve the meal. You will find it perfectly cooked—ready to put on the table.

You can prepare the meal in advance and go shopping or visiting while it is cooking—or you can read, sew, or busy yourself with other household duties.

No extra work of any kind is required—no pre-heating of food or heating of radiating stones. The Sentinel gives you all the advantages of a regular gas range plus the wonderful convenience of its automatic cooking feature.

Write now for "Meals That Cook Themselves." It is free.

Dale's Original Lighting Fixtures
For the Home—At a Great Saving

If you are building or remodeling it will pay you to send for our new book—

"Lighting the Home" An artistic type of semi-indirect fixture, suitable for dining room or library. Made in finishes to harmonize with decorations.

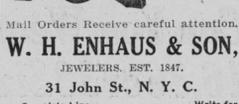

Our fixtures are original creations—modern and artistic for direct, semi-indirect or indirect electric or combination lighting. Single units or clusters.

We have made a study of lighting problems for 25 years and will be glad to solve yours and save you money.

We will deal direct with you or work with your architect—just as you prefer. Tell us your requirements if you want us to submit a correct lighting plan with details of cost.

Call at our show rooms if you can see our wide range of styles in fixtures—but don't fail to write for the booklet—a postal will do. **DALE LIGHTING FIXTURE CO.** 100 West 134th Street, New York

FOR THE DEAF
The "Lorgnette" Does Away with Trappings.

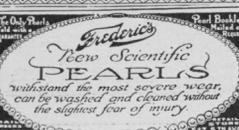

Why not hear gracefully instead of wearing headbands, coils, transmitters and batteries which disfigure your costume and call attention to your deafness. The "Lorgnette," the newest of hearing instruments, is made in one piece with battery in the handle. No plugs, no broken connections, to annoy you. Can be used on either ear and is always ready for use.

We'll remodel your old style instrument into a graceful "Lorgnette," if possible. If not we'll make you a liberal allowance on it in exchange. Test the "Lorgnette" at our office. It is guaranteed for ten years.
