ALL HOUSEHOLD APPLIANCES ILLUSTRATED ON THIS PAGE
HAVE BEEN TESTED AND APPROVED BY
THE TRIBUNE INSTITUTE
DETAILED DESCRIPTIONS OF ALL THESE UTENSILS ON PAGE 6, PART IV.

"TRIUMPH" SANITARY MILK BOTTLE HOLDER.—Made by the Parker Wire Goods Company, Worcester, Mass. This simple device holds the spotless milk bottle aloft like a good deed in a naughty world—of prowling cats and dogs. The frame, which is nailed or screwed to the side of the house, keeps the bottle from being tipped over by pushing noses, and the adjustable metal cap shields the top from investigating tongues. Flies also are deprived of their morning sniff and sip. Price, 50 cents.

S. & S. DEATER No. 2.—Made by the "S. & S." Department, National Indicator Company, 852 Vernon Avenue, Long Island City, New York. It is a covered glass mixer that makes perfect mayonnaise. If only you will give it the materials to work with—churns butter, whips cream and beats eggs. The main thing, though, is the mayonnaise, which never curdles, because the flow of oil from the oil cup is perfectly controlled. For the rest, it is just a beater in a bowl. Price, \$1.25.

PERFECTION LIFTER.—Made by the Delaware Merchandising Co., Sidney Center, N. Y. Our advice to women who have to handle hot pans is: Don't look at this one and pass on, but lift a pan with it before you decide! The two "grippers" are perfectly controlled by a finger lever in the handle and will lift and hold anything they can grip. For taking pans out of the oven this lifter has the customary rag beater about ten miles. Price, 25 cents.

DOVER SANITARY SINK PAIL.—Made by the Dover Stamping and Manufacturing Co., 385 Putnam Avenue, Cambridge, Mass. This handy small pail is meant to stand in the sink and receive dish scrapings and table waste for transmission to the larger garbage can outside. It has a perforated cover that opens clear back and rests upon a support, so that it may be used as a strainer for tea leaves, coffee grounds and the like. This receiving pail takes up very little room and saves numberless steps. Price, 50 cents.

D. & B. MOP WRINGER AND PAIL.—Made by the Dobbins Mfg. Co., 114-116 South Third Street, Stillwater, Minn. Most women do not mind the general run of household work, but each and every one of them hates to scrub the floor. When the scrubwoman does not come the floor gets off with a lick and a promise. But just try this mop wringer! No stooping, no muddy, soapy water to shovel the hands. A pressure of the foot on the lever, and the whole thing is done. Price, \$2.25.

COMBINATION KETTLE AND STEAMER.—Made by American Stamping and Enameling Co., Massillon, Ohio, and Fifth Avenue Building, New York. Six kettles in one is this modest-seeming contrivance. It is a kettle, a steamer, a double boiler, a pudding pan, a roasting pan and a casserole. Price, \$1.50.

The Nestlé Permanent Hair Wave

One of the strongest features of the Nestlé Permanent Hair-Wave is the absolute guarantee that lacks the treatment.

We claim the Nestlé Wave will produce wonderfully wavy hair which will last as long as the present growth of hair remains on the head (human hair grows at the rate of 1/2 inch a month). Furthermore, this result is obtained without any danger of injury to the hair.

There is no misrepresentation about the Nestlé Treatment and the results are absolutely guaranteed.
