The Truth about permanent Hair-Waving

Straight, lanky hair CAN be made beautifully wavy, and permanently so, if the correct process is employed. To make the hair kinky, frizzy or crimped does not beautify it, but rather makes it look unbecoming, indeed if it does not injure its texture. The long, even undulation of hair that is naturally wavy—the perfect hair—can now be acquired in a brief, pleasant treatment. A REAL, PERMANENT HAIR WAVE, IS THE

Nestlé permanent Hair Wave PROCESSES AND IMPLEMENTS PATENTED IN THE U.S.A.

The inventor of this famous process, Mr. C. Nestlé, is an authority on the construction and development of the hair. Mr. Nestlé has actually waved, or supervised the waving of, 30,000 heads at the well-known Nestlé establishment in London (48 South Molton St.) His experience and remarkable success in this work are without parallel.

Straight, lanky hair, whether grown on a child of three years or on an octogenarian, is made so beautifully wavy by the Nestlé Process that it would be a waste of time for any expert to attempt to distinguish between it and naturally wavy hair.

NO FEE is asked or accepted if the results of the Nestlé Wave are not as agreed, or if the treatment is uncomfortable or requires over two hours. Every wave is guaranteed. Mr. Nestlé will personally attend the waving of your hair at the address below. Fee \$12 and upwards. CALL and learn from Mr. Nestlé personally why his methods have been so signally successful. See convincing examples of the Nestlé Wave on living models. WRITE for illustrated booklet, giving the permanent hair waving situation in a nutshell. MAIL substantial sample of your hair with \$1. It will be Nestlé-waved and returned same day.
