The pure lustrous silk of Kayser Gloves immediately suggests the lustre of pearls

The correct glove for traveling is the Queen Elizabeth style in sand, putty, pongee or smoke

The silk in Kayser Silk Gloves is the reason for their lasting

More women wear them than all other silk gloves combined. Millions of women and twelve thousand dealers prefer Kayser Silk Gloves not merely because they are the best-known gloves in Europe and America but because they have found out from actual experience that:

Kayser Silk Gloves wear so much better

The very foundation of Kayser Gloves—the Kayser Silk—is pure and strong. Fine workmanship alone could not make Kayser Gloves wear longer if the silk itself were not right. In 30 years of silk spinning, we have learned how to make use of a heavier pure silk thread (no weighting) without interfering with the delightful coolness of the gloves. You therefore get a silkier glove but not a heavier glove. This makes Kayser Silk Gloves wear so much longer that millions of

women have learned that the one thing to look for in a silk glove is the trade-mark "Kayser."

Modeled perfectly, they heighten the beauty of the hand and arm

Notice especially the shape of Kayser Silk Gloves, and how gracefully they fit the hand. The beauty of their appearance lasts, because the purity and strength of the Kayser Silk resist stretching. Even after they have been washed their lustre and fit are unimpaired.

Kayser Silk Gloves cost no more than the ordinary kind; two clasp are always 50c, 75c, \$1.00, \$1.25 and up; twelve and sixteen button lengths are always 75c, \$1.00, \$1.25, \$1.50 and up. The name "Kayser" is always in the hem and with each pair is a guarantee ticket that the tips will outwear the gloves.

How to rouse a sluggish skin

A dull, sallow, lifeless complexion has several causes. Whatever the cause in your case, your skin needs stimulating. The following treatment is the most effective you can use:

Just before retiring, wash your face and neck with plenty of Woodbury's Facial Soap and hot water. If your skin has been badly neglected, rub a generous lather thoroughly into the pores using an upward and outward motion, until the skin feels somewhat sensitive. After this, rinse well in warm, then in cold water. Then rub your skin for five minutes with a lump of ice and dry carefully.

Woodbury's Facial Soap is the work of an authority on the skin and its needs. This treatment with it cleanses the pores, brings the blood to the face and stimulates the

fine muscular fibres of the skin. You can feel the difference the first time you use it—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

Do this today! A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Go to your druggist or toilet counter today and get a cake. Begin at once to get the benefits of this treatment for your skin.

Woodbury's Facial Soap is for sale by every dealer and druggist in greater New York and, in fact, by dealers everywhere throughout the United States and Canada. Made by The Andrew Jergens Co., New York and Cincinnati.
